

Shining product for stainless steel surfaces

Product Description

Keno™lux Shine is a ready-to-use maintenance product for shiny stainless steel surfaces.

Properties

Keno™lux Shine is a maintenance product that has been developed specially for stainless steel surfaces like: refrigerators, freezer doors, trucks and dishwashers.

The special mix of oils ensures protection and a shining surface.

Direction of use

Keno™lux Shine is a ready-to-use product and can not be mixed with water.

Spray a little bit of the Keno™lux Shine on a clean and dry cloth.

Apply the product on the dry surfaces.

Storage and Disposal

Keep only in the original container in a cool, well ventilated place. Keep container closed when not in use.

Dispose in a safe manner in accordance with local/national regulations.

Safety instructions for the user

Avoid contact between alkaline and acid products.

Always test the product first on a small surface.

Consult your Cid Lines sales' person for a suitable cleaning- and disinfecting program that is adjusted according to the contamination and the specific conditions of the company.

Before use, please check the MSDS.

Not all CID LINES products are available in all countries. For information about availability of a specific product, please contact your CID LINES dealer.
